

# INTERIOR DESIGN<sup>®</sup>

JUNE  
2018

*to the limit*

"The client sought a winery that would be a vanguard of oenology and environmental responsibility"

## Idom

**project** Beronia Rueda, Spain.

**standout** Concrete-framed solar glass apertures embedded in the Cor-Ten steel exterior are both aesthetic and practical, letting in light but blocking direct sun, which could harm the Verdejo aging in custom concrete tanks.

**photography** Aitor Ortiz. ➤
